

KLOVE and other christian stations play are an important part in my life as well as in my family. We listen to KLOVE for positive uplifting music about our faith and it helps us get through the day. Many times I've been concerned about problems and the music's message is very uplifting full of hope, it helps me clear my mind and I know it does the same for many other people I work with. I would hate to have KLOVE and similar radio stations taken off the air, we live in a country of freedom and censorship is a violation of our freedom of speech. This country was founded on christian principles and it was blessed because of it and the great men and women that made it what it is were of faith. Why do you want to tear down what distinguishes us among nations? Please don't take any of christian radio stations off the air.
